

1 Scope

This IMS Manual establishes and states the policies governing Vitapur Nigeria Limited's Integrated Management System.

These policies define management's arrangements for managing the organisation's operations and activities in accordance with ISO 9001: 2015, ISO 14001: 2015 and ISO 45001: 2018 standards.

These policies have been established in order to meet the intended outcomes (strategic goals) of the IMS as detailed in table 1 below:

Table 1:

Intended Results of QMS	Consistent provision of rigid Polyurethane (PU) and Poly-Isocyanurate (PIR) foam insulation products that meet customers & legal requirements
	Enhancement of overall performance (by ensuring customer satisfaction)
Intended Results of EMS	Enhancement of environmental performance (by protection of the environment, conservation of natural resources and prevention of pollution), fulfillment of compliance obligations and achievement of environmental objectives.
Intended Results of OHSMS	Continual improvement of OH&S performance (by prevention of work-related injury and ill health to workers and provision of safe and healthy workplaces), fulfillment of legal requirements and other requirements and achievement of OH&S objectives.
